

Pass on the gift of *history* and ensure a permanent *legacy* for the **Historical Society**

**Dear Friends and Supporters of the Steele County Historical Society,**

The Steele County Historical Society has served Steele County since 1949. The Village of Yesteryear was established in 1962 and the History Center opened in 2012. A valued community asset, The Steele County Historical Society's ability to carry out its mission of preserving and sharing history today for tomorrow depends on the private support of individuals.

The *Legacy Fund* was created to pass on the gift of history and ensure a permanent legacy for the Historical Society. More than great wealth, philanthropy requires a generosity of spirit and the desire to improve the quality of life for others. Even people of modest financial means can support the *Legacy Fund* and ensure that our precious past will thrive into the future.

Members of the *Legacy Fund* recognize the importance of investing in the education of our children and grandchildren by making a financial gift to the Steele County Historical Society, and with their leadership they encourage others to do so as well. Their planning today will benefit our community for generations to come. We are grateful for their foresight, dedication and philanthropic spirit.

We hope you will consider making a donation toward the *Legacy Fund* at one of the levels listed below. A tax deductible receipt will be provided for your records.
